## Media release

Reinach (Aargau), 19 November 2021

### Aluflexpack wins European Small and Mid-Cap award

Aluflexpack AG („Aluflexpack“, „Group“), a leading international manufacturer of premium flexible packaging solutions, has won the European Small and Mid-Cap Award in the category Star of 2021. Aluflexpack received the award from the Federation of European Securities Exchange (FESE) due to its exceptional performance in the sector and proven track record of being a responsible corporate citizen.

Since its initial public offering in June 2019, Aluflexpack has been using the proceeds to realise several organic growth projects such as the stand-up-pouch expansion in Umag (Croatia), thereby creating also new jobs in many local communities. Currently, the company is focusing on a large expansion in Drniš (Croatia). With this expansion project, Aluflexpack adds up to 30,000 metric tons of vertically integrated conversion capacities for aluminium foil, which will secure the company's leading position in fast growing end markets in the long term.

Johannes Steurer, CFO of Aluflexpack, says: “We are honoured to win the European Small and Mid-Cap Awards in the category Star of 2021. This award confirms that we have set the right growth initiatives in the past. In addition, it greatly honours the efforts of all our employees, who contributed to securing food and pharmaceutical supplies for the public since the start of the pandemic. Being a responsible corporate citizen is a fundamental part of our corporate culture, and we continue to challenge ourselves on a daily basis to become even better in this discipline.”
